Product line up

The FlyBag System consists of several interchangeable items with almost no limits of how you can arrange and personalise your own set up.

FlyBag Hero

The FlyBag Hero is the center piece of the versatile FlyBag System. It is designed to carry your most essential gear close on your chest, easy to reach when you need them.

Ghillie

The Ghillie is a ad-on or stand alone product in the FlyBag System. Attach it to the FlyBag Hero, or use it separate as an 2.0 version of the classic lanyard.

Wallet

The Wallet is a traditional fly wallet compatible with the FlyBag System. Use it as a regular fly wallet, or attach it to the FlyBag Harness or Ghillie Cord.

Patch + Case

The Patch is designed to fit the FlyBag System and the Case has several multi usage functions. The Patch + Case can be used together as a classic fly box.

Our Material

Raw Corium® / Recycled Leather + Natural Rubber

FlyBag products are made of highly durable and sustainable Raw Corium® which is a blend of recycled spill overs from the Italian leather industry. It's bonded with natural rubber and is very tear resistant. It looks like leather and ages with beauty.

Sustainability

Low impact

From day one we aim to keep a low impact on our planet. To do this we put a lot of time in the design process to be able to produce FlyBag in Sweden with as little parts possible.

Hand made by retired fishermen

Due to our design and development process we can make our products locally without even a factory line. We take great pride in the fact that our products now are assembled by retired fishermen in the heart of Sweden.

FlyBag LAB

To support sustainable growth and development, we release FlyBag LAB. All FlyBag LAB products are produced in limited edition batches. When we see that the fly fishing community embraces a product, we elevate it to our FlyBag line up. This approach helps us minimize production waste while fueling our passion for developing quality fly fishing products.
